Thank you's...

Dear Jessica:

I have been wanting to write to tell you just how fabulous everything looked. Your work is better than spectacular and we couldn't have been more pleased. The chuppa, the tables, every bit was a WOW. I loved working with you as I knew from the very beginning that I would. We so appreciate your talent and how much you love what you do. My cousin was so impressed with your work I gave her your information. Also I want to thank you for taking the flowers to Sutter VNA and Hospice. I received a lovely letter from them. I know that it took you time to put the flowers into bouquets and deliver them. It felt so nice to know that others got to enjoy those beautiful flowers. It was such a special day for us all - everything we could have hoped for.

I'll send on more pictures and Thank You so much again.

*Love, Jackie

Just wanted to shoot you a quick email. The flowers and arrangements were absolutely gorgeous! Thanks for taking such good care of us! People were raving about how pretty they were.

Of all the wonderful things that happened at our wedding, your contribution with the arrangements gave all of us the most pleasure. They were magnificent!! The CD has been downloaded and we show everyone who wasn't at the wedding how beautiful the room was. I've sent an e-mail to Donna at Trentadue regarding you and your company. You should get on their preferred vendor list.

*Many, many thanks, Carole

The flowers were absolutely the pinnacle of perfection! Everyone said they were the most beautiful wedding flowers they had ever seen. And we agreed. They lasted all the way to Mendocino and back to LA (almost a full week...) Truly, you did such an incredible job, Jessica. And I appreciate all the support during the "make-up panic" and all. But it all went beautifully. We couldn't have asked for a happier, more perfect day.

Thanks again, Linda and Ethan

Hi Jessica,

We're back from our honeymoon and it was wonderful!!! It's so hard to get back to reality... BUT the good part of returning is seeing the pictures from the wedding!

I have to tell you Jessica... you were my FAVORITE person to work with leading up to the wedding and after seeing your magic, I love you even more!!! Your talent was felt in the planning stages but I had no idea how beautiful the final presentation would be - truly breathtaking! Thank you so much for making my day romantic, magical and elegant.

I have attached a few pictures that show the beauty of your work - I will send copies of the formal shots once received. Please feel free to have any prospective clients call me for a reference.

Sincerely, Teresa & Michael Sanderson

Dear Jessica:

Now that Ed and I have returned from our honeymoon, we finally have time to write the letter we've been wanting to since we first saw the work you did for us at our wedding last month. Simply put, it was outstanding. The altar décor, table arrangements, and wedding party flowers were truly beyond even what we could have dreamed!

Ed and I had looked carefully for a florist who could help us realize our vision of a relaxed but elegant outdoor affair, and we chose you because your portfolio demonstrated a sensibility to composition and detail that stood apart from the rest. After first meeting with you, I hoped very much that we would be able to work with your quote because I left your house with a certainty that anything you designed would be stunning, meeting our requests with minimal oversight by us. You surpassed all of our hopes and expectations, working with us creatively to produce an absolutely perfect display for our wedding and within our budget. The profusion of color and texture, so perfectly placed, helped voice the joy and love of nature that we had hoped to incorporate into our wedding. There is no doubt in my mind that the beautiful, beautiful flowers amplified the joyous experience of each of us that day. Countless guests commented on how exquisite the arrangements were, and we have already given your referral information to the caterers and several others who asked about your work

Although it was ultimately a most joyous occasion, planning for this wedding proved very stressful, highlighting the importance of selecting gifted and reliable wedding professionals. We certainly experienced our share of planning upsets and surprises, but working with you was nothing but delightful. Your exquisite artistry is well-complemented by your pleasant and responsible style. We would recommend you to anyone, for any occasion, and would be happy to do so at any time!

Very best wishes, Erin Ryan & Ed Zilavy
