

The Entertainment Connection

Dear Wedding Talent Buyer,

The Entertainment Connection was established in 1972 as a full service Talent Agency and Production Company. The company's goal is to service the Greater Bay Area and Western United States by providing the finest entertainment available for Receptions, Corporate Events, Fairs, and Festivals.

We at T.E.C. can virtually fulfill any of your entertainment needs, to make your special day a memorable one. Whether you require single performers, string quartets, or one of our top line bands or disc jockeys, T.E.C. can make it happen.

Our highly skilled and experienced staff is always available to help you through the entertainment selection and buying process. Demo tapes, song lists, and general information about all of our artists are made readily available to you. Of course, consultations are always free and with no obligation.

Should you have a specific act in mind, not found on our roster, please feel free to ask us about them. We have long established relationships with many other agencies and independent artists, giving us the capability to find and book most any act you desire.

We have been a key factor in the success of literally thousands of events. Let us help to make yours a special one.

Best Wishes,
Read Zaro, President
