

Welcome Event Planners!

Bay Music & Entertainment understands that as an event planner, you must depend on vendors to deliver a successful event. We also appreciate that you have a very busy schedule. That is where Bay Music & Entertainment steps in. The consultants at Bay Music & Entertainment will ensure your event is flawless by getting a sense of your needs, theme and budget. We will offer you a wealth of entertainment suggestions to suit the venue, time frame and demographic of your attendees.

At Bay Music & Entertainment we maintain our reputation by sending seasoned performers to an event, paying close attention to every detail and by reconfirming key details with you, the performers and the venue prior to the event. In order to ensure your event is seamless, we guarantee that the performers arrive in a timely manner, are dressed appropriately, arrive with all necessary equipment and understand the load-in instructions for each venue. By doing so, we hope to foster the expectation that we are here to assist you from start to finish. At Bay Music & Entertainment, our goal is to make you shine!
